

VCDA

Vermont Community Development Association

You're Invited to the VCDA Spring Conference **Is Your Community Housing-Ready?**

Wednesday, April 15th | 9am-4pm | The Pavilion in Montpelier

Communities across Vermont are working to build more housing of all kinds. But how are they doing it? VCDA's Spring conference will explore the avenues and resources that are available today for communities to become housing-ready.

Come learn about new programs like 802Homes and the Community Housing Infrastructure Program (CHIP); discuss the latest Act 250 reform; and strategize on how to start a housing committee in your community.

Don't miss this opportunity to connect with fellow community champions, gain valuable insights, and contribute to the collective work of building a brighter future for Vermont.
